HEIRS IN COUNTY PAY $4,891 TAXES

TOTAL $1,055,074.72 INHERITANCE PAID TO STATE.

NODAWAY RANKS 14TH

St. Louis City Reports $545,794.773 Collected in 1923 Through Inheritance —Law Administered by P. Court.

Nodaway County ranks fourteenth among the 114 counties of the state in the amount of inheritance tax paid to the state in 1923, according to information received by Jesse F. Robertson, judge of the Nodaway County probate court. The figures sent to him from the state department show that Nodaway County paid a total of $4,891.63 in inheritance tax during the previous year.

A total of $1,055,074.72 was collected by the state during the year 1923, through the inheritance tax. This money went into the general fund of the state, subject to appropriation by the State Legislature.

St. Louis City reported the largest amount of any district in the state, a toal of $545,794.73 collected. Foreign estates paid $18,074.01 to the fund. The five counties bounding Nodaway County reported the following amounts paid for inheritance, showing how Nodaway County ranks with the counties of Northwest Missouri:

Holt $6,805.75; Atchison $9,806.30; Andrew $10,188.31; Worth $387.87; and Gentry $1,251.54. Texas, the biggest county in the state, paid $340.60; and Dallas reported the lowest amount, only $57.15. Fifteen counties, namely, Benton, Crawford, Dent, Douglas, Dunklin, Hickory, Oregon, Ozark, Pulaski, Ripley, Shannon, Stone, Wayne, Webster and Wright, did not report any inheritance tax collected for 1923.

Ranking the fourteen counties paying the most inheritance tax in order of highest amounts follow:

Jackson $155,802.25; Marion $57,478.33; Buchanan $39,924.61; St. Louis $34,078.34; Greene $10,994.55; Andrew $10,188.31; Atchison $9,806.30; Saline $9,755.06; Jasper $6,971.65; Holt $6,805.75; Clinton $6,746.90; DeKalb $6,201.28; Boone $6,007.65; and Nodaway $4,891.63.

As in other matters relating to the Probate Court and its business, very few persons ever thought much of the inheritance tax until they were brought face to face with it in probate. The inheritance tax is a step-rate tax and complicated. Simply, but not completely stated it is something like this:

Everything exempt to widows under a recent ruling. Children must pay 1 per cent on all sums over $5,000. After this the law becomes more complicated.

Very little tax due the state from this source is lost. A traveling representative from the Treasury Department goes through the records of the probate court and checks upon all estates.

There are three procedures in appraising and collecting inheritance tax. First, appraisement by the prosecuting attorney, with consent of the state treasurer; second, the court can determine by the inventory and appraisement and other papers on file that there is no tax due and make order to that effect; and third, an appraisor may be appointed by the court to make the appraisement upon which the tax is assessed.

Inheritance tax, contrary to the general belief, must be paid on non-taxable securities. It is also not generally known that the inheritance tax must be paid on gifts given in contemplation of death.

A return on the inherited property must be made and the inheritance tax paid within nine months from the date of death.

J. K. Sawyers, Jr., Is Enrolled in Local Bar

John Kirker Sawyers, Jr., was enrolled and admitted as a member of the Nodaway County bar at a session of circuit court this morning. Mr. Sawyers took the state bar examination last June at Jefferson City and passed this examination.

Mr. and Mrs. W. F. Chaves returned today from a several days visit in St. Joseph and Atchison, Kan. They were guests of Mr. Chaves' mother, Mrs. W. C. Chaves, at the latter place.

Bryan Won't Respond to President's Request

Refuses to Ask Civilians to Participate in Observance of National Defense Day This Fall.

Lincoln, Neb., July 28.—Governor Charles W. Bryan, Democratic nominee for the vice-presidency, declared today he will not ask farmers and laborers of Nebraska to join in the observance of National Defense Day, as requested recently by President Coolidge.

Such a step, the governor believes, would be distasteful to the farmers and working men and might give a wrong impression to the warsick peoples of foreign countries.

The governor will call out the state national guards, of which he is commander, but will decline to proclaim Defense Day a national holiday, or making any other attempt to induce civilians generally to participate in the observance of the day.

SEPTEMBER CORN NOW AT $1.02 1-4

SETS NEW HIGH RECORD ON K. C. MARKETS.

1,872 CARS OF WHEAT

And Price Holds Steady Around High Level—Hogs at $10.05, Another New Mark.

Kansas City, July 28. — Eighteen miles of wheat cars ,a new record, rolled into Kansas City today while prices for that crop held close to the record high mark.

The receipts today were 1,872 cars, exceeding the former record by 339 cars.

Corn set new high marks in the grain pit today, September corn jumping 2½ cents making it $1.02 1-4 a bushel, December went up to 93 1-4 cents and May to 95 cents a bushel.

Hog receipts were 7,000. The top for the day was $10.05. This is a new high level for the year.

Cattle were also strong but did not break any records.

Business Conditions Better in This State

Inspection Trip in Iowa Covering 300 Miles, Is Taken by Walter and Willard Nixson Saturday.

An inspection and survey trip, covering about 300 miles, and including the principal towns in southwestern Iowa, was made Saturday by Walter and Willard Nixson, owners of the Linville and Bainum hotels here.

The trip was made to study hotel as well as general business conditions in southwestern Iowa with a view to comparing them with Northwest Missouri ,especially Nodaway County.

"Business conditions in the section of Iowa visited are not as good as right here in Nodaway County," Willard Nixson said this morning. "The crops up there do not look near as good as here, and the business men reported a slowness in moving merchandise."

The residents of Nodaway County should feel more optimistic concerning the future, the hotel managers said.

Hotels in Red Oak, Shenandoah, Clarinda and Villisca were inspected by the Nixson brothers.

The roads in southwestern Iowa are fine, it was said.

The local hotel men were especially favorably impressed with the large gas plant in Red Oak, and they expressed the hope that such a plant could be built in Maryville in order to furnish gas for lighting and heating.

The journey Saturday was the first of several inspection trips which will be taken by the Nixson brothers. Territory within a radius of a hundred miles from Maryville will be covered, and hotels throughout this section will be visited.

Miss Roberta Cook and Homer Ogden To Represent Local Sunday School Council At Meeting.

The Young People's Sunday School Council held its regular executive meeting yesterday afternoon. Miss Roberta Cook and Homer Ogden will represent the county at the summer camp at Lake Geneva, Wis. The girls' camp opens August 7 for two weeks and the boys' camp will open about August 20.

The officers of the Nodaway County Sunday School Association have been moved from the Mutz building to the Tribune building on West Fourth street in the office of the Nodaway County Health department.

Two Liquor Cases in Police Court Today

George Treese, and William Everett Gunn, Negro, Appear Before Mayor W. O. Garrett This Morning.

George Treese, who works in a local restaurant, pleaded guilty before Mayor W. O. Garrett in police court this morning on a charge of possessing intoxicating liquor. He was arrested about Saturday noon by Chief of Police Barney Dougan.

William Everett Gunn, negro, was in police court this morning before Mayor W. O. Garrett on a charge of possessing and selling intoxicating liquor. He pleaded not guilty and was held over until 1:30 o'clock this afternoon for trial. A search warrant was made for him Saturday and Saturday evening Deputy Sheriff Gus Romasser, Chief of Police Dougan and night officer, Charles Partridge searched his house and found fifteen half pints of whisky.

It is claimed by Treese that he bought some liquor from the negro Saturday, and this was stolen later on. Mayor Garrett waived giving the fine and penalty to Treese until this vening.

The trial of William Everett Gunn, colored, was held in city police court before Mayor Garrett this afternoon. The jury hearing the case is composed of U. S. Wright, Henry Thorp, O. W. Swinford, Ed Otis, James Greenlee and Frank Wallace. The charge against Gunn is for possession, selling and transporting intoxicating liquor.

When the officers searched the Gunn place at 115 West Eighth street, they found the liquor in an old trunk which was covered with a stack of papers.

At press time this afternoon, the case was still going on in police court.

Moore is a former member of the staff of the Philadelphia, Penn., Press.

BATTERY C HOME FROM FORT RILEY

BEST OUTFIT AT CAMP, SAYS COL. JACK WILLIAMS.

TOOK SECOND PLACE

Among All Units At Camp in Efficiency — Take First Places in Drill and Administration.

Five officers and seventy-three men of Battery C, seasoned with two weeks' training at Fort Riley, Kan., tired and tanned from the hot Kansas sun, returned to Maryville at 9:30 o'clock yesterday morning. All wheel equipment and horses were left at Fort Riley in charge of Sgt. Embree, Akers and Howard for the use of the Kansas batteries that will move in at Fort Riley, August 6.

Battery C of the 128th Field Artillery was judged as second in efficiency by the instructors at the camp among all the outfits there for the two weeks' training, being nosed out by Battery A of St. Louis, comprised of only forty-six men, whose officers had all spent twenty years in the army. Col. J. F. Williams of the 128th Artillery said that the Maryville unit was the best outfit at camp and should have been awarded first place.

Battery C won first in drill and in administration but fell down in firing. The batteries were judged on 50 per cent for firing efficiency, 15 per cent for kitchen efficiency and administration and drill efficiency made up the other 35 per cent. Battallion A of which Battery C was a member was rated first among the three batallions at camp.

John England of Battery C was awarded a sweater for being the best instrument operator, Gordon Roach won second in the gunmen examination and in the driving contest Battery C was third.

Major Rolf Raynor, Captain Kyle Phares, and Lieutenants Robert Garten, Edward V. Condon and Roy J. Mayes, returned with the men Sunday morning. Capt. McClure and Capt. Ruffner remained at Fort Riley.

The officers said today that the men all worked hard and acquitted themselves well at Fort Riley and really thought that their battery should have been awarded the loving cup for the best battery.

Sgt. Ray Blomfield, who corresponded for the Democrat-Forum, made a visit to the office this afternoon and said that the next time he went to camp and corresponded for a newspaper he would take something else along besides his messkit to write upon.

Battery C entrained at Fort Riley, Kan., at 4:45 o'clock Saturday night for Kansas City. The train comprised twenty cars, composed of the National Guard outfits from Sedalia, Boonville, Columbia, Albany, Burlington Junction and Maryville.

The batteries from Maryville, Burlington Junction and Albany left Kansas City at midnight Saturday and arrived in St. Joseph at 2:30 o'clock yesterday morning. Here Battery C waited until 7:45 o'clock in the morning before leaving and arrived in Maryville yesterday morning at 9:30 o'clock.

It is understood from authentic sources that the horse Lt. Edward V. Condon was riding, did actually stumble and fall while going up a hill and Ed was thrown. This news was reported while Battery C was at camp. Irish Garten, brother of Lt. Robert Garten, who was the Battery C mascot, left Maryville two weeks ago a lieutenant and came back a brigadier-general. Everytime Irish went over to the quartermaster corps he would get some sort of paraphenalia.

Celebration of Federal Victory Is Started

Collapse of Revolution Indicated in Dispatches Received By State Department This Afternoon.

Washington, July 28.—Virtual collapse of the revolution in Brazil was indicated by dispatches received by the state department today, which quoted the admiral in command of the federal forces at Sao Paula as announcing the withdrawal from that city of the revolutionary forces. Celebration of the federal victory already has begun, it was reported.

Dispatches from Santos reported an important federal advance in the region of Mooca Station, which was captured. The chief stronghold of the rebels in that district was seized by the federals.

SENATOR LODGE IN SERIOUS CONDITION

OPERATION PERFORMED LATE YESTERDAY.

REMOVED TO HOSPITAL

Is Stricken Early Yesterday Morning At His Home At East Point, Nahant—74 Years Old.

Cambridge, Mass., July 28.—Senator Henry Cabot Lodge is seriously ill in a hospital here, it became known last night, following an emergency operation performed late yesterday.

Stricken early yesterday morning in his home at East Point, Nahant, the senior senator from Massachusetts, now in his 74th year, was removed here to the hospital. The operation was performed at 4:30 in the afternoon. Illness is a recurrence of a bladder ailment of long standing, physicians stated.

Regains Consciousness.

Last night Senator Lodge had regained consciousness, but his condition was regarded as serious. In a statement his physicians said: "It is a serious situation. I believe Senator Lodge will be all right, but nothing much can be told for another twenty-four to forty-eight hours."

Continuously in touch with the condition of the patient, one of the physicians said last last night: "Everything is satisfactory."

The recovery of the senior senator, physicians said, will depend in large measure, upon his physical condition, which it was stated was good, considering his advanced years. A second operation will be necessary, not unusual in cases of this kind, the doctor said.

Suffer Great Pain.

It was said that Senator Lodge would be unable to return to Washington until fall, at the earliest, in view of his present condition.

Although suffering great pain, he was not depressed in spirit when he entered the hospital and doctors and nurses at once prepared him for the operating table.

"He showed real pluck," was the comment of one of his physicians.

Henry Cabot Lodge, Jr., accompanied his grandfather to the hospital on the automobile trip from Nahant to the hospital and remained during the operation and afterward.

U. S. MAY WITHDRAW PERSIA DIPLOMATS

BLUNT NOTE SENT TO THAT GOVERNMENT.

REPARATIONS DEMANDED

Battleship in European Waters Will Bring Back Body of Murdered Consul—To Emphasize Threats

Washington, July 28.—Withdrawal of the American diplomatic representatives from Persia unless that government makes adequate and prompt reparations for the killing of Robert Imbrie, vice-consul, at Teheran, was threatened today by the United States government in one of the most blunt and outspoken notes that has ever been issued by the state department.

The maintenance of diplomatic relations between Persia and the United States, said the American note, will depend upon the according of "adequate protection to their representative nationalists and to their official representatives."

The note was handed to the Persian authorities at Teheran by Joseph Kornfeld, the American minister and Consul Imbrie's immediate superior.

Kornfeld reminded the Persian government of the earlier representations made by him immediately after the killing, declaring that the United States would expect "prompt punishment meted out to those responsible for the killing and to those who, by their failure to act, contributed to the incident—unprecedented in recent times."

One of the battleships now in European waters will be sent to Persia to bring back Major Imbrie's body. The presence of this vessel in Persian waters, it was pointed out, will serve to make clear to the Persian authorities that this government is prepared to go to any limit to enforce its demand on Persia and to assure itself there will be no recurrence.

MOVING PICTURES

EMPIRE THEATER.

"Scaramouche," a Rex Ingram production for Metro Pictures Corporation, adapted from Rafael Sabatini's novel of the same name, appears at the Empire Theater tonight and tomorrow night. This picture, a feature in ten reels, has played special engagements in the larger cities and comes to the Empire acclaimed by critics as one of the masterpieces of filmdom.

Ingram, from all accounts, has surpassed his production of "The Four Horsemen of the Apocalypse" with this picture. "Scaramouche" is a story of the French Revolution. It tells the romance of Andre-Louis Moreau and Aline de Kercadiou.

The thirty principal characters in "Scaramouche" include beside Ramon Novarro, Lewis Stone and Alice Terry, who were the triumvirate that appeared in Ingram's "Prisoner of Zenda," Lloyd Ingram, Julia Swayne Gordon and Edith Allen.

Stupendous in pageantry, staggering in the mighty scope of its sweeping action and tense drama, "Scaramouche," from Rafael Sabatini's famous romance, will come here with all its throbs and thrills and tears and laughter. It had a phenomenal run in New York where it was hailed as a crowning achievement of motion pictures.

Novarra, young, handsome, a dashing cavalier, has the role of Andre-Louis Moreau, born of nobility, but who dedicates his life to the cause of the oppressed French people when his best friend is killed by the Marquis de la Tour d'Azyr. Lewis is the haughty, aristocratic Marquis to the life. These two with Alice Terry, contribute characterizations that will live as classics. Around the hopes and ambitions and passions of these three is spun the web of fate that catches them helplessly in its net, makes them puppets of inexorable destiny, and tosses them into tangled mazes of royal intrigue. Ingram, with an incomparable cast, has made "Scaramouche," one of the most gorgeously thrilling and colorful tales, live and breathe on the screen.

Nelson Dirt Farmer, Neighbors Declare

Declare Democratic Candidate Is Practical As Agriculturist.

Bunceton, Mo., July 28.—Eight prominent farmers and stockmen of Cooper County, neighbors of Arthur W. Nelson, a Democratic candidate for Governor, have jointly signed a circular in refutation of the charge of Nelson's Democratic opponent that he is not a real "dirt" farmer. The signers of the letter declare that his claims to being a son of the soil are very modest. The letter, addressed to Missouri farmers, follows:

"To Missouri Farmers:

"As you know, we have a candidate for Governor, Dr. A. W. Nelson, and we are writing you regarding his candidacy.

"The report, it seems, has gone out that Dr. Nelson is making false claims as to being a real dirt farmer. Being neighboring farmers, we are in a position to know that he is all that he claims to be, and if you knew him as intimately as we do you would say that he is very modest in his claims.

"He is a practical farmer and feeder in every sense of the word, and just because he operates on a large scale does not entitle his opponents to contend that he is not a dirt farmer. He looks after every detail of his large farm, giving his personal attention to his stock feeding and grain raising.

"He is not only a successful farmer, but he is a neighborly farmer. We always feel free to call on him for extra help, borrow tools from him, or to make any of the exchanges that one farmer feels free to do with another. And he feels free to do the same with us.

"He understands the farmers' problems because he comes in contact with them every day, and we are glad to say that he has the sense and judgment meant to solve them.

"This one time the farmers of Missouri have a chance to send a practical, successful farmer to the Governor's chair, and if they fail to do it they are passing up a chance that comes once in a lifetime.

"You may rest assured that any assistance you may see your way clear to give Dr. Nelson in his race will be an aid to the farmers of Missouri.

"We shall be glad to hear from you with any suggestions that you may see fit to make or for any information you may desire.

"Very truly yours,

1,2,3,4,5 Years—Still a Young Car

The Willys-Knight is a car you can keep and enjoy for years. A touring car with all the thrill of 42 horsepower—a car you can drive 50 miles and more an hour, *hour* after *hour*—without over-heating—without loss of power—without engine trouble—without carbon cleaning—without ever needing valve grinding.

The Willys-Knight sleeve-valve engine is the most powerful engine of its size ever built—and the quietest—and the only type of engine in the world that actually *improves with use.* It is common for Willys-Knight owners to report 50,000 miles and more without spending a cent for repairs on the engine.

The Most Beautiful Oil Stove Ever Built

Clean with a Damp Cloth

The beautiful, white porcelain and black enamel finish of this Red Star is easily kept spotlessly clean. Only a damp cloth is required. This is the sanitary way.

No Wicks, Cooks as Fast as Gas

This patented, all-metal burner is found only on the Red Star. Uses kerosene, gasoline or distillate. Turns it into gas and burns the gas.

Double-Flue; Rust-Proof Oven

Baking and roasting are done with a continuously circulating flow of hot, FRESH air. Condensation is reduced. Encourages light, fluffy baking.

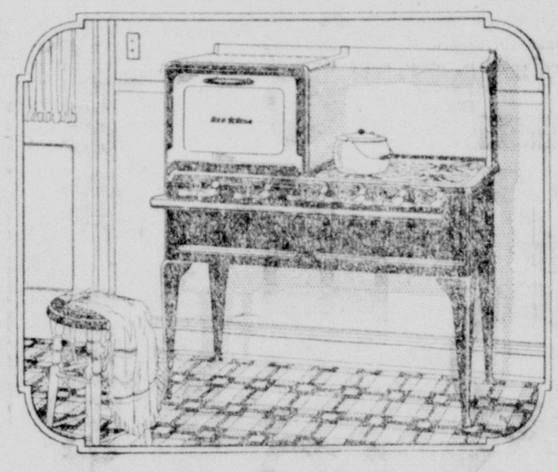
Sanitary Cooking Top

All corners, edges and joints finished clean and rounded. No sharp corners to hold dirt or grease. Easily cleaned.

Lever Type Control Handles

White porcelain. Same as used in finest plumbing. No bolts to work loose.

Altogether there are a dozen distinctive features in the Red Star illustrated above. We will be glad to show them to you at any time.



Up-to-date Features Make Cooking a Joy with the Sanitary

RED STAR Detroit Vapor OIL STOVE

This beautiful oil stove offers the woman who uses oil for fuel, the most modern type of cooking service. Not even the most elaborate gas range can offer more practical features.

This latest Red Star is far ahead in many ways. Its clean, unbroken surfaces with stream lines, rounded corners and edges; the trimness of the design; the absence of ugly bolt heads and other projections; the sanitary white porcelain and black enamel finish, are all marks of the highest type of modern stove construction.

And behind this physical perfection is the famous Red Star Burner which burns common kerosene, gasoline or distillate, yet cooks with a clean, hot, economical GAS HEAT. This patented burner HAS NO WICKS or wick substitutes. Gives years of service without replacing.

There are types and sizes of Red Star Oil Stoves for every home and a price for every purse. We invite you to visit our stove department for a demonstration.

SHEEP'S TAILS ARE BECOMING EXTINCT

NEW BREED IS BEING DEVELOPED IN S. DAK.

VITALITY IS USED UP

New Type Is Proving Successful At Experimental Farm At S. Dakota State Agricultural College.

Special to the Democrat-Forum.

Brookings, S. D., July 28.—Because sheep's tails, according to agricultural scientists, are a nuisance which breed maggots and use up an unnecessary amount of fat and vitality which should go into wool and meat, the Animal Husbandry department of the South Dakota State Agricultural College is breeding the tails off of a new herd of sheep on the college experimental farm here.

Dr. James W. Wilson, head of the department has, by scientific methods, crossed Siberian sheep in such a way that he has obtained lambs which have tails less than 2 inches lony, instead of the seven or eight-inch tails characteristic of the ordinary American long-tailed sheep.

At the same time, the college experiment station here is engaged in crossing the Siberian "fat-rumped" with South American species in an effort to "invent" a new breed which will be hardier and better adapted to northern climates, and yet at the same time efficiently constructed so as to distribute more evenly over the body the large hang-over rump which enables the Siberian species to store up food for the long, cold, foodless winters of the Kiryhiz Steppes.

The Siberian "fat-rumps" with which Dr. Wilson is experimenting is the only herd of that species in the United States. Dr. N. E. Hansen, eminent horticulturist at the College here and for several years a plant expert for the United States department of agriculture, found them in Siberia in 1913. In the belief that crossing them with other species might produce a hardy breed adapted to the climatic conditions of the United States, Dr. Hansen brought some back with him.

Professor Wilson is extremely reticent about the tests.

"I do not know whether I shall be successful or not," he said. "I have obtained some very satisfactory results, however. One thing is certain; the strain which we are getting has much more vitality than any other breed. The lambs jump up and suck before they are dry after birth, and the ewes are unusually good milkers."

There are four types of sheep at present: the long-tailed, with caudals seven to eight inches in length; the broad-tailed; the fat-tailed, and the fat-rumped. If the new, tailess type becomes permanent and easily obtainable, it will constitute a fifth, and man-made, type of sheep.

In Siberia, where the temperature hovers around 160 degrees in the summer and drops to 51 degrees below zero in winter, nature has developed an over-hanging rump on the sheep which stores up forty to fifty pounds of fat. This provides food for the animal during the cold, winter months when all other forms of food are frozen.

However, even in the northwestern states of this country, the storage properties of the over-hanging rump are not needed. But the more even distribution of fat which is being secured, is producing lambs very much larger than the original Siberian species. They are being crossed with California Karakuls, from which more than $14,000,000 worth of "Persian Lamb" wool for coats is taken each year. The Karakuls are now becoming extinct. Other breeds crossed with the Siberian species are the Rambouillet and the Shropshire.

Doctor Hansen is very sanguine regarding the experiments. "The combination is securiny a 'spriny lamb' effect—creating 'animals never known before and which bear more valuable fur and develop more quickly. They are larger and hardier."

"They're divilishly smart, too," is the spontaneous contribution of Lawrence McGarry, tanned and Scotch, head barnman and keeper of the valuable herd.

"The professor calls me up at the barn and says, 'Larry, I want a class of fatrumps,' or a class of short-tails.' And I get my leader, run along the path with him and his particular breed follows after——."

"What do you men, 'leader,' Larry?" Doctor Hansen asked.

"Shure, they're leaders—these are college-bred sheep!"

William H. Hackett Dies Last Evening

Succumbs To Extended Illness Following Stroke of Apoplexy—Funeral Services Tomorrow Afternoon.

William H. Hackett died at 11 o'clock last night at his home, one mile northeast of Maryville, following an illness dating from May 15 when he suffered a stroke of apoplexy. He had been bedfast for the last two weeks.

Funeral services will be held at 2 o'clock tomorrow afternoon at the Christian Church in Burlington Junction conducted by the pastor, the Rev. E. P. Taggart. Burial will be in Ohio cemetery.

Mr. Hackett was 63 years old and he was born in Illinois. He lived near Guilford until five years ago when he moved to the farm where he died. He is survived by his wife, four brothers, George, Frank and Ed Hackett, all of Burlington Junction; and Charles Hackett of Chalkbutte, S. Dak.; and four sisters, Mrs. Anna Nicholas, Mrs. Jennie Williams and Miss Mary Hackett, all of Burlington Junction; and Mrs. Nettie Nicholas of Fort Collins, Colo.

Twenty-Five Years Ago.

The following was taken from Sunday's St. Joseph Gazette from their twenty-five years ago column:

Reports from San Francisco were that R. C. Alexander and brother of Maryville, Mo., had arrived in San Francisco from Alaska with a fortune of $100,000 taken from the gold fields.

L. E. Womack of Lincoln, Nebr., spent the week-end at the home of Mr. and Mrs. E. W. Johnson. Mrs. Johnson went to Lincoln to visit her daughter, Mrs. L. E. Womack.

Mr. and Mrs. Allen Moore and daughters, Mary and Martha, of Chillicothe spent yesterday with Moore's sister, Miss Lucile Huey. Mr. Moore is president of the Chillicothe Business College.

An old tobacco secret re-discovered—

1870—
Wellman's famous old secret

1921—
revived for Granger

1924—
a popular seller in 32 states—a quarter-million smokers

A new richness from an old-time process

Made for pipes—cut for pipes—packed sensibly to save money

NOW it can be told. Three years ago we decided to revive a famous old secret method of mellowing tobacco—"Wellman's Method", it was called.

For three years we have been quietly trying it out—we, and about a quarter-million shrewd pipe-smokers who discovered it for themselves.

No whirlwind campaigns, no "special offers", no extravagant claims; Granger Rough Cut has made good on its taste alone. There could be no better proof of its quality.

Now we are ready to "tell the world".

An extraordinary pipe tobacco. "Wellman's Method"—now ours exclusively—not only mellows tobacco, but "rounds it out"—gives it a new taste, richer and milder. There's no other method like it, nor any other tobacco like Granger.

And not only differently mellowed, but *cut* differently—cut for *pipes*. The Rough Cut burns more slowly, hence smokes cooler—and a pipe-load lasts nearly twice as long.

And finally—notice the package.

If Granger Rough Cut were packed in fancy lithographed tins, it would cost 15 cents.

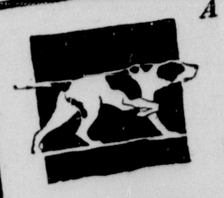
But wrapped in smart heavy foil, you get this fuller, longer, cooler smoke at a *third* less cost. Foil instead of costly tin—hence the price.

Too good to be true? Ask any man who has tried it. Better yet—get out your pipe!

10¢

Granger Rough Cut

A Pointer on Tobacco—



The slower a tobacco burns, the cooler it smokes. Also the longer it lasts. This slow burning is due to the "cut". Granger is "rough cut" to smoke slow and cool—cut for pipes, not cigarettes. And Wellman's famous old secret method produces richer fragrance and taste.
